

Appendix J: Cost Neutrality Demonstration

Appendix J-1: Composite Overview and Demonstration of Cost-Neutrality Formula

Composite Overview. Complete the fields in Cols. 3, 5 and 6 in the following table for each waiver year. The fields in Cols. 4, 7 and 8 are auto-calculated based on entries in Cols 3, 5, and 6. The fields in Col. 2 are auto-calculated using the Factor D data from the J-2d Estimate of Factor D tables. Col. 2 fields will be populated ONLY when the Estimate of Factor D tables in J-2d have been completed.

Level(s) of Care (<i>specify</i>):

Appendix J-2: Derivation of Estimates

- a. **Number Of Unduplicated Participants Served.** Enter the total number of unduplicated participants from Item B-3-a who will be served each year that the waiver is in operation. When the waiver serves individuals under more than one level of care, specify the number of unduplicated participants for each level of care:

Table J-2-a: Unduplicated Participants	
Waiver Year	

State:	
Effective Date	

	Total Unduplicated Number of Participants (from Item B-3-a)
Year 1	400
Year 2	450 400
Year 3	500 400
Year 4	550 400
Year 5	600 400

- b. **Average Length of Stay.** Describe the basis of the estimate of the average length of stay on the waiver by participants in Item J-2-a.

The average length of stay for all waiver years is 35~~5~~4 days. This is based on the average length of stay reported on the CMS 372(S) for the Community Pathways Waiver for fiscal year 2016.

- c. **Derivation of Estimates for Each Factor.** Provide a narrative description for the derivation of the estimates of the following factors.

- i. **Factor D Derivation.** The estimates of Factor D for each waiver year are located in Item J-2-d. The basis for these estimates is as follows:

~~The number of unduplicated recipients has been estimated as follows:~~

In Waiver Year (WR), ~~the~~ the estimated users of Assistive Technology and Services, Behavioral Supports, Environmental Assessments, Environmental Modifications, Support Brokers, and Vehicle Modifications are based on the actual percentage of users vs. total unduplicated recipients of those services in the Community Pathways Waiver from CMS 372(S) FY15. Users of Assistive Technology and Services, Environmental Assessments, Environmental and Vehicle Modifications are estimated to increase by 50% in Waiver Years 2-5. Behavioral Supports services users are estimated to increase by 5% in Waiver Years 2-5. Users of Support Brokers are estimated to increase by 15% in Waiver Year 2 – 5 based on the CAGR from Community Pathways Waiver from CMS 372(S) 13-15.

Family and Peer Mentoring Supports users have been estimated at approximately 25% of total number of waiver users as estimated in Appendix B-3 for Waiver Years 1-5.

The estimated users of Individual and Family Directed Goods and Services are based on the actual percentage of users vs. total unduplicated recipients of the services in the Community Pathways Waiver from CMS 372(S) FY16. Users are estimated to increase by 50% in Waiver Years 2-5.

Personal Supports users have been estimated at approximately 80% of the total number of waiver users as estimated in Appendix B-3 in Waiver Years 1-5.

Nursing Services are new services without historical utilization data, so users have been estimated for each service at approximately 5% of the total number of waiver users as estimated in Appendix B-3 for Waiver Years 3-5.

State:	
Effective Date	

Family Caregiver Training and Empowerment Services, Participant Education, Training and Advocacy Supports, Housing Support Services, Respite Care Services and, Transportation users have been estimated at approximately 10% of total number of waiver users as estimated in Appendix B-3 for Waiver Years 1-5.

The Average Units per User for Waiver Years 1-5 are based on historic utilization of services in the Community Pathways Waiver from CMS 372(S) data FY13-15 for all services except: Family Caregiver Training and Empowerment Services, Family and Peer Mentoring Supports, Participant Education, Training and Advocacy Supports. These services are new therefore; the estimates are based on best practices and similar services in Arizona's Raising Special Kids program. Additionally, Individual and Family Directed Goods and Services units per user are based on FY16 utilization as there is no historic data from the CMS 372. Housing Support Services is a new service so average units per user are estimates at 2 hours per person. The average units per user for Nursing Services for Waiver Years 3-5 are estimated at the median of annual unit limits for those services. Behavioral Consultation Services average units per User for WYs 3-5 is based on historic utilization of services in the Community Pathways Waiver from FY17 CMS 372(S) data.

The Average Costs per Unit in Waiver Years 1-5 for Assistive Technology and Services, Environmental Modifications, Transportation, and Vehicle Modifications are based on DDA's average costs and limits for services from the Community Pathways Waiver CMS 372(S) FY13-15.

The average cost per unit of Respite Care Camp is based off of the average cost of the service in FY17 and increased by 2% COLA for each Waiver Year 2-5.

Individual and Family Directed Goods and Services average cost per unit for Waiver Years 1-5 is based on DDA's average costs for services from the Community Pathways Waiver CMS 372(S) FY16 as this is the first year of data for this service.

For Personal Supports and Support Brokers, the Average Cost per Unit in Waiver Year 1 is based on DDA's average costs and limits for services from the Community Pathways Waiver CMS 372(S) FY13-15 and increased each year in Waiver Years 2-5 for a 2% cost of living adjustment.

The average Cost per Unit for Family Caregiver Training and Empowerment Services, Family and Peer Mentoring Supports, and Participant Education, Training and Advocacy Supports is based on similar services in Arizona's Raising Special Kids program but applying Maryland cost values to derive the rates for Waiver Year 1. The Maryland cost values were provided by Johnston, Villegas-Grubbs and Associates, LLC, the rate setting vendor. The unit cost is estimated to increase by 2% in Waiver Years 2-5.

The average cost per unit for daily and hourly Respite Care Services, Behavioral Support Services, Housing Support Services, ~~and~~ Environmental Assessments, and Nursing Services beginning WY3, are based on the rate study done by Johnston, Villegas-Grubbs and Associates, LLC using the Brick Method™, which is a structure used to develop standard fees for disability (and other services) that utilizes cost categories and studies their relationship to direct service support costs (the wages of people performing the service).

There are four standard cost components that are assumed to be common to all social and medical services. They are employment related expenses, program support, facility cost (day habilitation only) and general and administrative. In Maryland, training and transportation

State:	
Effective Date	

components were also studied and used to develop the rates. The foundation of the Brick is the direct support professional wage. The unit cost for these services is estimated to increase by a 2% COLA in Waiver Years 2-5.

The Respite Care hourly rate is based the direct support professional wage using the BLS and all of the components except Program Support. The daily rate is based on the hourly rate with an assumption of 16 hours of service.:-

The Environmental Assessment rate is based on the Occupational Therapist professional wage using the BLS with the assumption of 6 hours to perform the assessment.

The Behavioral Support Services rates are based on professional wage using the BLS with assumptions of 8 hours needed for the Assessment and Plan.

The Nursing Services rates are based on hourly BLS wage data job code 29-1141 and includes Employment Related Expenditures at 32.7%, Program Support at 33%, Training 13.4%, and a 5% no show factor.

- ii. **Factor D' Derivation.** The estimates of Factor D' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

Factor D' was calculated for Waiver Years 1-5 using FY16 actual MMIS Medicaid expenditures for Community Pathways Waiver participants enrolled in the Waiver at any point in FY2016. This data removes the cost of prescribed drugs under the provisions of part D. The 3.3 percent inflation rate applied to Factor D' is based on 2013-2016 BLS CPI-U All Urban Consumers for Medical Care for Washington – Baltimore. These expenditures were compounded annually by the four-year (2013-2016) average increase in Baltimore-Washington medical care inflation rate of 3.3%.

- iii. **Factor G Derivation.** The estimates of Factor G for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The estimated annual average institutional costs that would be incurred for individuals served in the Waiver, were the waiver not granted, are based on actual data from the Community Pathways Waiver CMS 372(S) FY16 report. The 3.3 percent inflation rate applied to Factor G is based on 2013-2016 BLS CPI-U All Urban Consumers for Medical Care for Washington – Baltimore. These expenditures were compounded annually for Waiver Years 1-5 by the four-year (2013-2016) average increase in Baltimore-Washington medical care inflation rate of 3.3%.

- iv. **Factor G' Derivation.** The estimates of Factor G' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The estimated annual average per capita Medicaid costs for all other services other than those included in factor G for individuals served in the Waiver, were the waiver not granted, are based on actual data from the Community Pathways Waiver CMS 372(S) FY16 report. The 3.3 percent inflation rate applied to Factor G' is based on 2013-2016 BLS CPI-U All Urban Consumers for Medical Care for Washington – Baltimore. These expenditures were compounded annually for Waiver Years 1-5 by the four-year (2013-2016) average increase in Baltimore-Washington medical care inflation rate of 3.3%.

Component management for waiver services. If the service(s) below includes two or more discrete services that are reimbursed separately, or is a bundled service, each component of the service must be listed. Select “*manage components*” to add these components.

Waiver Services	
Assistive Technology and Services	
Behavioral Support Services	Assessment, Plan, Consultation, Brief Support Implementation
Environmental Assessments	
Environmental Modifications	
Family Caregiver Training and Empowerment Services	
Family and Peer Mentoring Supports	
Housing Support Services	
Individual and Family Directed Goods and Services	<u>Goods and Services, Staff Recruitment and Advertising</u>
<u>Nursing Services</u>	<u>Case Management and Delegation, Consultation</u>
Participant Education, Training, and Advocacy Supports	
Personal Supports	
Respite Care Services	Daily, Hourly, Camp
Transportation	
Vehicle Modifications	

d. **Estimate of Factor D.** *Select one:* Note: Selection below is new.

<input checked="" type="radio"/>	The waiver does not operate concurrently with a §1915(b) waiver. Complete Item J-2-d-i
<input type="radio"/>	The waiver operates concurrently with a §1915(b) waiver. Complete Item J-2-d-ii

i. **Estimate of Factor D – Non-Concurrent Waiver.** Complete the following table for each waiver year. Enter data into the Unit, # Users, Avg. Units Per User, and Avg. Cost/Unit fields for all the Waiver Service/Component items. Select Save and Calculate to automatically calculate and populate the Component Costs and Total Costs fields. All fields in this table must be completed in order to populate the Factor D fields in the J-1 Composite Overview table.
